

Where on Earth are we going?

And what can we do about it?

These are two of the questions that are at the heart of The **Change the Dream** Symposium.

The Symposium is a profound inquiry into how we might realise a bold vision: an environmentally sustainable, spiritually fulfilling, and socially just human presence on Earth.

If you are ready to explore what this vision means for you, and for the opportunity to create an inspiring future, we invite you to attend.

"I thought I already knew a lot about all this, but the Symposium really blew me away. I went for some networking, and came away also better informed, inspired, enthused and equipped to share that enthusiasm."
