Pray For Massive Revival

In earlier centuries the church was widespread. Today there are perhaps 20,000 Christians in the country, but many are nominal; as few as 1,000 Christians practise their faith and only 200 of them are Tunisian citizens. Cry out to God for the restoration of His church in this land—that many would turn to Christ! Pray that He'd draw nominal Christians closer to Him.

Pray For Freedom To Evangelise

While Islam is the state religion, the government is highly secular and resists any religious activity that it considers a threat. So while Christians are legally free to meet together, evangelism is forbidden. Also, the government has “confiscated the passports of a small number of Tunisian converts to Christianity”. Pray for freedom to spread the gospel, and for an end to persecution against those who are saved.

Leadership

Give thanks for those who recently turned to Christ. Pray that God would raise up good leaders amongst them.

Bible Availability

Pray for the completion of the Tunisian Arabic translation, and for wider availability of Christian literature.

“Even now,” declares the Lord, “return to me with all your heart, with fasting and weeping and mourning.” - Joel 2:12
